EXPERIENCE

Visiting Lecturer – School of Architecture

Universidad de Costa Rica (UCR)

⌚ 01/2022 - Present ✅ San Jose, Costa Rica

🔗 <https://arquis.ucr.ac.cr/>

- Taught architecture studios and seminars focused on urban analysis, spatial representation, and design research. Guided students through project-based work integrating site analysis, cartography, and critical interpretation of social and environmental conditions in Costa Rican cities.

Researcher

re/presentare

⌚ 11/2025 - Present ✅ San Jose, Costa Rica

🔗 <https://re-presentare.org/>

- Designed and implemented public-facing research platforms translating large archival and geospatial datasets into interactive web interfaces. Developed front-end components, UI filters, and data-visualization workflows to support spatial investigations and multi-temporal analysis.

Research Aide

Forensic Architecture

⌚ 02/2025 - 05/2025 ✅ London, United Kingdom

🔗 <https://forensic-architecture.org/>

- Developed and refined front-end interfaces for investigative platforms, focusing on usability, filtering systems, and clarity of complex visual information. Gained experience collaborating in production environments where accuracy, performance, and readability were critical.

PROJECTS

Spatial-temporal Platform

⌚ 11/2025 - 02/2026 ✅ Mexico City, Mexico

🔗 <https://bertacaceres.re-presentare.org/>

Created an interactive cartographic web platform to visualize and cross-reference thousands of events related to the Berta Cáceres case. Executed responsive interfaces, interactive filters, and temporal navigation enabling pattern detection across territory and time.

Field-Recording Platform

⌚ 02/2025 - 10/2025 ✅ London, United Kingdom

🔗 <https://sounding-ice.ca/>

Built a responsive web platform for browsing, organizing, and publishing field recordings through thematic categories. Structured information architecture and interaction flows to support public access, research, and educational use.

Artist Portfolio Website

⌚ 12/2024 - 04/2025 ✅ Berlin, Germany

🔗 <https://finnjawillner.de/>

Produced a lightweight, responsive portfolio website translating an audiovisual artistic practice into clear information architecture and page rhythm. Delivered front-end layout, content structure, and production deployment in close coordination with the artist.

SUMMARY

Full-stack developer with two years of experience in building web platforms and research-focused design. Skilled in data visualization workflows and creating responsive user interfaces. Seeking a Full Stack Developer role where I can apply my expertise in web development and spatial practice to turn complex data into intuitive, user-friendly experiences.
